Founded in 1900, the INR 778 Billion (77,880 Crores) Murugappa Group is one of India's leading business conglomerates. The Group has diverse businesses including ten listed Companies traded in NSE & BSE. Headquartered in Chennai, the major Companies of the Group include Carborundum Universal Ltd., CG Power and Industrial Solutions Ltd., Cholamandalam Financial Holdings Ltd., Cholamandalam Investment and Finance Company Ltd., Cholamandalam MS General Insurance Company Ltd., Coromandel International Ltd., Coromandel Engineering Company Ltd., E.I.D. Parry (India) Ltd., Parry Agro Industries Ltd., Shanthi Gears Ltd., Tube Investments of India Ltd. and Wendt (India) Ltd. The Group holds leadership position in several product lines including Abrasives, Technical Ceramics, Electro Minerals, Auto Components & Systems, Bicycles, Fertilisers, Sugar, Tea and Spirulina (Nutraceuticals). The Group has forged strong alliances with leading international companies such as Groupe Chimique Tunisien, Foskor, Mitsui Sumitomo, Morgan Advanced Materials, Yanmar & Co. and Compagnie Des Phosphat De Gafsa (CPG). The Group has a wide geographical presence all over India and spanning 6 continents. Renowned brands like BSA, Hercules, Montra, Mach City, Ballmaster, Ajax, Parry's, Chola, Gromor, Shanthi Gears and Paramfos are from the Murugappa stable. The Group fosters an environment of professionalism and has a workforce of over 83,500 employees.

Established in 1949 by the Murugappa Group in partnership with Tube Investments (UK), TI Cycles has rapidly transformed from a bicycle manufacturing company to an industry giant in mobility and well-being solutions.

Currently, TI Cycles is the key player in the 'Specials' segment with a nationwide presence bolstered by a network of around 11,500 primary and secondary dealers. The company's plants in Chennai and Rajpura possess the capacity to manufacture five million bicycles a year.

TI Cycles' flagship brands include BSA, Hercules, Montra and Mach City. The brand is credited with many of India's firsts - the first MTB, the first geared bike, the first Shox bike, the first girls' bike, the first kids' bike, the first light Roadster, and the first carbon frame bike.

The past seven decades have witnessed TI Cycles evolve into a powerhouse that's constantly making headway to meet the consumer's needs, from innovative products to futuristic design to unique retail formats.

BSA, Hercules and Montra have been crowned Superbrands in recognition of their exceptional excellence in their respective fields. The Superbrands title is a significant milestone that sets these brands apart as leaders in their respective categories. It highlights the trust and confidence that customers and the industry have in our brands, and we are immensely proud to be recognized on such a distinguished platform. Being awarded the Superbrands title showcases brands' strong reputation, innovation, and ability to consistently deliver products and services that meet the evolving needs of customers. This recognition further reinforces the brands' commitment to maintaining excellence across all aspects of the business.

Thank you for being an integral part of our success!

BSA

BSA is a brand that's close to the heart of many Indian families. With a legacy spanning over 154 years, it has evolved into a household name for bicycles. BSA set a record when consumers across the country voted for it to be listed as a Superbrand in the cycles category in 2011, 2023 & 2025. The brand is proud to have many firsts to its credit in India - the first bicycle for kids and the first sports light Roadster. At its heart, BSA is all about freedom, fun, excitement, and energy. No wonder it's among the most-loved brands in the country.

BSA **Kids Range**

In today's world, most parents tend to be disciplinarians. BSA aims to break the mould by encouraging parents and kids to team up together and have loads of fun.

Beyond conventional cookie-cutter roles, parents should be their child's partner-in-crime, constant companion, and above all, their best friend. This relationship is crucial for every kid's holistic development.

With BSA Kids' range of bicycles, parents can have fun outdoors with their children. Thanks to its unique designs, fun features, vibrant colours and innovative add-ons, this range is a massive hit among parents and young ones alike.

BSA LADYBIRD

History was made in 1994 when BSA launched Ladybird. It was the first Indian designer cycle for girls, and has evolved into the market leader in the category.

In a time and age where girls across the country are asked to abide by the society's rules and conventions, Ladybird is redefining girlhood by challenging Indian girls to break free from the norms and follow their heart.

Ladybird is delighted to have completed more than 30 years of giving wings to the countless dreams of girls and reminding them to live life their own way rather than living up to others' expectations.

SR. ROADSTERS RANGE

Rugged and reliable, our range of Roadsters are truly a cut above the rest. These bicycles are designed to carry heavy loads as well as travel long distances. When it comes to trust and performance, nothing beats the classic and hard-working Roadster.
